Mr. Richard E. Mooney
Beach Place Partners
17 South Atlantic Blvd.
Fort Lauderdale, FL 33316

Dear Richard:

We are nearing the completion of the Beach Place project, and I would like to take the time to thank you and your entire staff for the cooperation and assistance provided over the past months. I feel that I am speaking for the entire Plans Review Staff when I say that we could not have maintained the timely scheduling of review without your assistance.

Your project manager, John Deinhardt, stands out as a true administrative leader. From the time you brought him on board to the present day, there has been strong cooperation between our two entities. I feel John's persistence, diligence, honesty and professionalism was an integral part of making this project a big success. From the permitting process to the Certificate of Occupancy, I knew that I could depend on John to get whatever was needed to complete this project expeditiously.

I hope we have the opportunity to work with you again in the future. Beach Place is going to be a Fort Lauderdale Landmark and will bring vitality back to our beach area. Congratulations on a job well done!

Sincerely,

Clayton L. Parker
Assistant Building Official
