TO WHOM IT MAY CONCERN

It gives me great pleasure to write this letter of recommendation for **John C. Deinhardt** who served as Senior Project Manager under Morse Diesel, International during the construction of the National Car Rental Center in Sunrise, Florida.

John performed his duties in a professional, exemplary manner at all times. He was dedicated and worked long hours to bring this project to completion by the deadline. He had extensive responsibilities involving many diverse areas within the Arena which he oversaw to completion. If you require an additional explanation of John's varied responsibilities, please contact Mr. Alex Muxo, President, Arena Development Company at 954-627-5015.

This serves as both a professional and a personal recommendation for John.

Sincerely,

H. Wayne Huizenga
